

Career Opportunity

Due to continued expansion within the UK, Industrial Labelling Systems Ltd suppliers of the Mectec AB range of Print & Apply labelling solutions, require a high quality individual for the position of external sales as part of the UK team.

Sales Representative

- The applicant should ideally be conversant with “Print & Apply” labelling systems and or “End of line” packaging equipment, and should be able to converse with potential customers at a technical level. The position will involve dealing with project engineers, project managers and managers; therefore the successful applicant must be confident, articulate and possess some type of engineering background.
- Knowledge of software solutions would be an advantage, especially connectivity with software and PLC systems. Experience of labelling consumables, (labels and thermal ribbons) would also be an advantage.

- As the position will involve travel through the UK, a good understanding of the geography of the UK would be required. There would also be some early starts and late finishes and therefore the successful applicant would need to be flexible in their attitude to work practices.
- Location is not important but preferred locations would be the East/West Midlands or the M62 corridor.
- A competitive salary package, company car and commission are payable for the successful applicant.
- A non-contributory pension scheme would be offered after 12 months continuous service and private health cover would also be available after 24 months continuous service.
- In the first instance, please supply a full CV and salary expectations to the Joint Managing Directors at Industrial labelling Systems Ltd, or email to info@ilsystems.co.uk

Please note: Strictly NO recruitment agencies for this position!
